

Joan King Smith Memorial Scholarship

In memory of Joan King Smith a woman, a mother, a friend who was passionate about taking care of others and spent a lifetime doing it we would like to establish a scholarship for a candidate pursuing an education within Allied Health. Joan was always there for her family and friends during their time of need. She spent hours, days, and even weeks bedside caring for those that were sick. Her friends always told her that she missed her calling and she should have been a nurse and she would nod her head in agreement. Chris and Marianne King have established this scholarship in honor of his mother to assist a person like Joan who is passionate about taking care of others and is in need of financial assistance to pursue this dream.

The Health Science programs eligible for this award are: Medical Assistant, Patient Care Technician, Pharmacy Technician, Practical Nursing, Radiological Technology, Veterinary Technology, and any NTCC transfer-based health science program.
